## SHARING OUR RICHES, SHARING OURSELVES

### ~ AN INVITATION: To Enrich Lincoln School ~

Parents, staff, and community members have much talent, skill, and knowledge that could be shared with students at our school. The School Council invites you to think about your life or work experiences. What might you be able to offer?

- Do you landscape or know about New England plants, ecology, or geology?
- Are you an artist, weaver, knitter, metal worker, or other type of arts/craftsperson?
- Are you a scientist, chemist, physician, researcher, oceanographer or one with specialized mathematical or scientific knowledge?
- Are you well versed in the kitchen as a baker or chef?
- Can you support a myriad of clerical needs?
- Do you love history, know other languages and cultures? Have you ever found yourself at an event that is now historically significant?
- Are gigabytes, IT, programming, and website a part of you regular vocabulary?
- Is the written word your passion or profession?
- Are you an adventurer or athlete? Do you do orienteering? How many continents have you visited?

**Have any of these questions sparked a thought, or idea of something else you have to offer?**

**NOW** – Would you be willing to give some of your time to students at the Lincoln School? Please use this form to let us know. We are creating a data file that staff or PTA can review when they are looking for some research support, supplemental information, or a guest speaker. The timing is up to you – we want it to be convenient. It could be a single visit or a series or even just a sharing of information with a staff member – you can plan whatever matches your schedule. Thanks for taking time to consider this request.

Name \_\_\_\_\_ Phone \_\_\_\_\_

Date Submitted \_\_\_\_\_ Email \_\_\_\_\_

Do you have a child who is currently a student at the Lincoln School(not required)? No Yes  
If yes, grade(s)? \_\_\_\_\_
