

## Lincoln School Facilities Study Schedule of Meetings and Public Forums

The School Building Advisory Committee, as charged by the Lincoln School Committee, is working with Dore & Whittier Architects to provide the Town of Lincoln with several options to consider in order to meet the educational and facility needs of the Lincoln School. Public input and participation is vital to a successful outcome for the schools and Town. All Town residents and school employees are encouraged to attend the SBAC/School Committee sponsored events listed below to learn about the work underway and to provide input that will inform and improve the process and outcomes.

| <b>When:</b>                                   | <b>What:</b>                              | <b>Why:</b>   | <b>Where:</b>               |
