What is the Lincoln METCO Coordinating Committee?

We are the “friends of METCO” org that supports building a strong, integrated community in which students and families with different life experiences feel a deep sense of inclusion and belonging and recognize, accept, and celebrate each other's differences.

What kind of activities do you do?

- We create opportunities - through extra-curricular activities and community building events - for Lincoln resident and Boston resident students and caregivers to build authentic and lasting relationships
- We fund scholarships for Lincoln Town Summer Camp and Parks and Rec activities for Boston-resident students

Look out for this year's “**Wednesday scholar program**” - an enrichment series designed to help students build relationships as they explore topics related to leadership, social change, and STEM. Invite hitting your inbox soon!

Lincoln PTO

We are a group of parents and teachers who work together to improve our children's education by providing unique and value-added educational activities (we call this "enrichment"), organizing no cost and low cost family-friendly events, and working with outside organizations and businesses to build opportunities for learning and engagement for all Lincoln School community members.

LINCOLN METCO PARENT BOARD

Vision Statement: We are a group of parents partnering with the METCO Director and staff to help increase parent engagement, build a sense of community and to help facilitate necessary initiatives in areas where there may be a need.

Mission Statement: To support the Lincoln METCO staff and build an engaged, inspired community with METCO participants and families.
