“Discussing Identity with Youth”

**Wednesday, March 5, 2025**

**6:30-8:00 p.m.**

**Birches School | 100 Bedford Road | Lincoln, MA**

Join fellow parents/caregivers/educators in community as we support our youth! Engaging in open discussions about identity with young individuals is crucial in fostering self-discovery, empathy, and an understanding of diverse experiences, including LGBTQIA+ identities. Addressing topics such as gender identity, expression, and sexual orientation encourages them to embrace their uniqueness from an early age, while also promoting a more inclusive and understanding society. By creating a safe and non-judgmental space for these conversations, we empower youth participants to navigate their identities, including their LGBTQIA+ identities, with confidence and age appropriate respect for both themselves and others. This program is part of a series at Birches that includes workshops for faculty and students.

*Birches School is excited to welcome back PFLAG! Greater Boston PFLAG's mission is to advocate for and advance equity and societal affirmation of LGBTQ people by building and strengthening loving families, safe communities, and a diverse and inclusive society.
