Superintendent's Bulletin

The Superintendent's Bulletin is typically posted on the Lincoln Public Schools website each Wednesday during the school year. It provides timely, relevant information about meetings, professional development opportunities, curriculum and program development, grant awards, and School Committee news.

Dear LPS Community,

As we watch the temporary school building develop on the center field on the Lincoln campus, we are coming to the end of the construction projects on the Hanscom campus. On the morning of October 2nd, the official Hanscom Primary School (HPS) Ribbon Cutting Ceremony will take place. This event is an opportunity to recognize the entities that came together to make the building of the Hanscom Primary School a reality. Our Senators, Congressional Delegates, and State Representatives are invited. Hanscom schools were fully funded by the Federal Government through the Department of Defense Education Activity (DoDEA) division with whom we have our contract to operate the Hanscom Schools.

Our ribbon cutting will focus on acknowledging the congressional support for the HPS project and the work of DoDEA representatives, Ewing Cole Architects, the Army Corp of Engineers, J&J Contractors, Hanscom Air Force Base officials, and our local district leaders for their collaborative efforts over many years to fund, design, and construct both the Hanscom Primary School and Hanscom Middle School.

Yesterday, the Administrative Team/ Administrative Council meeting was held in the HPS conference room for the first time. As we gathered, there were numerous comments about the many outstanding features in the school, including the stage that can be utilized from both sides depending on whether there is a smaller gathering in the commons or a large gathering in the gym. We are already seeing faculty collaborating in new ways to use their neighborhoods and hub spaces to provide students with a variety of learning experiences that meet their needs in flexible groups. I made the statement to the Administrative Team that I believe that HPS is the nicest school I have ever seen. I made this statement with regard to its design for learning and the aesthetic finishes. As we move into the school year, we will provide opportunities for all faculty and community members to visit HPS. I am excited to show off our newest school.

Developing Our Profile of a Learner

**What should the purpose of school be?
What outcomes do we want for our students?
What skills, traits, or knowledge will our students need in
order to thrive in and transform the 21st century?**

Our world is changing—it has already changed considerably and will continue to do so. We need to **rethink** how school could prepare our young people to **thrive** and **change the world** for the better.

In the next three years, all of our schools will be newly designed to support ways of teaching and learning that match our changing world and meet the future needs of our students. What will guide the evolution of teaching and learning in Lincoln and at Hanscom?

Join Becky McFall, Superintendent and Jess Rose, Assistant Superintendent for a chance to be a participant in the process of constructing a **Profile of a Learner** for the Lincoln Public Schools. There are five opportunities to attend; pick one that works for your schedule!

GREAT LEARNING

Lynn Fagan, Preschool Coordinator, and the Preschool Team

The Lincoln Preschool classes on the Hansom campus have moved into their new preschool neighborhood in the Hanscom Primary School. There are so many exciting things about the new space, including a new preschool common area. Preschool students have had the opportunity to participate in art class with Ms. Sullivan. They gathered to listen to a story while sitting on our new comfy chairs and then went to the tables to create art. The children were able to move about the space and create dot murals with their friends. The new common area facilitates preschool students creating collaborative art!
