

Lincoln Public Schools
Ballfield Road
Lincoln, Massachusetts

School Building Advisory Committee Meeting
Tuesday, September 3, 2013
7:30 p.m.
Hartwell Multipurpose Room

Agenda

The Committee will hear from both the L-Shape and Repair Only subgroups about their work in preparation for the September 11, 2013 SBAC charette. Although the SBAC charette is open to the public and the public is welcome, this is not a town-wide charette like the ones held earlier in the year. The purpose of this charette is to provide the Committee, as part of its planning and deliberative process, with the opportunity to further develop, sharpen and test its ideas about possible “pathways.”
