

**LINCOLN PUBLIC SCHOOLS STRATEGIC PLAN – 2022-2023**

*Approved by School Committee on June 14, 2022*

**Vision**

The Lincoln Public Schools seek to unite our communities in challenging and equipping our students to acquire essential skills and knowledge, think creatively and independently, exhibit academic excellence, appreciate and respect diversity, display creativity, value reflection, and demonstrate social and emotional competencies.

**Theory of Action**

IF we:

- create a culture of continual learning and growth built on a shared vision of effective teaching;
- provide curriculum that shares the histories, experiences, and accomplishments of people of varying ancestry and cultures, and is innovative and cognitively demanding;
- and plan and facilitate instruction that is student centered and differentiated to meet the needs of all students;

THEN we will strengthen the engagement, achievement, and social and emotional development of all students.

**Strategic Objectives**

<p><b>Educator Growth and Innovation:</b> Educators demonstrate continual growth, professional collaboration, innovation, and risk-taking built on a shared vision of effective teaching and practices, and equity for all students</p>	<p><b>Curriculum:</b> Curriculum is engaging, provides high cognitive demand, and supports the creative, social and emotional development, and academic growth of all students</p>	<p><b>Instruction:</b> Instruction is student centered and focused on the engagement, achievement, and social and emotional development of all learners</p>	<p><b>Equity and Culture:</b> Staff, community partners, and students work together to build a school culture that values, respects and responds to students’ families, staff identities, and develops the social and emotional well-being of all students</p>
---	--	---	--

**Strategic Priorities**

**Overall Priority:** Establish a culture that is built upon the intersectionality of social and emotional learning, Antiracism, Inclusion, Diversity, and Equity (AIDE), student and adult learning, and fostering strong connections.

Build a culture of trust, engagement, and pride in our schools through:

- reinvesting in the relationships among and between students and caregivers, staff, administrators, partner organizations, and community members
- creating spaces where feedback is welcomed and used to facilitate transformative change
- developing our awareness, ability, skills, desire, and stamina to navigate and work through barriers that arise

Improve student investment, academic outcomes, and sense of belonging by providing engaging learning experiences, culturally responsive instruction that builds upon and embraces students’ identities, and safe, nurturing, collaborative learning environments.

*Strategic Foundation: Attainment of our Strategic Priorities and our Vision is dependent upon our ability to assess our progress through effective use of data, to focus on high-quality instruction using the 5 Key Questions for Learning, to continue to innovate in order to engage students in their learning, and to ensure equity of access for all students.*

## 5 Key Questions for Learning

- What evidence demonstrates that students know the **objective and/or learning target**?
- In what ways does the lesson **engage students in authentic learning**?
- What evidence is there of meaningful exchanges between teacher and individual students and between students?
- In what ways does the teacher **assess student understanding** related to the objective and/or learning target?
- Did the teacher **differentiate the instruction and learning experiences** to meet the range of learners in the class?

## Core Values

### Excellence and Innovation in Teaching and Learning

The Lincoln Public Schools aspire to provide authentic learning experiences that allow children to develop the life-long learning skills of critical thinking, problem solving, communication, and collaboration. Deep learning that allows for creativity and individualization is highly valued. We believe that taking risks in teaching and learning leads to growth and an intrinsic desire for continual learning.

We aspire to engage every child in learning that is appropriately challenging for their developmental level and their individual level of readiness. We strive to provide a learning environment that allows students and educators to develop a growth mindset, where perseverance, risk taking and challenge lead to learning.

We believe that clear expectations for learning paired with continual meaningful feedback leads to high levels of achievement. Learning is a social endeavor that is dependent upon high levels of collaboration between educators, between students, and between educators, students, and families. We encourage educators and students to infuse their passion and aspirations into their work.

### Respect for Every Individual

The Lincoln Public School community strives to embrace our differences and build upon our similarities. We strive to create a safe, inclusive learning environment that values our varied beliefs and differences in race, ethnicity, culture, language, socio-economics, gender identity, sexual orientation, learning differences, and family configurations. We work to engage in conversations that deepen our understanding of our differences and to learn from our collective experience. We acknowledge our biases in order to build empathy and understanding. We strive to create a learning environment in which educators, students, and families can share their beliefs and cultural practices and work collectively to develop practices that are respectful of all members of the community. We strive to develop understanding of world cultures beyond our community to assist our students in becoming contributing members of the global society.

### Collaboration and Community

The Lincoln Public Schools strive to create a learning community that provides opportunities for all voices to be heard. We value open and honest communication that leads to greater understanding and creative solutions to complex problems. We strive to create an environment where everyone feels safe to express their thoughts and feelings. We assume good will and the best intentions and are forgiving of mistakes or oversights in communication that are bound to occur from time to time.

We strive to instill in students a sense of ownership of the Lincoln learning community and a responsibility to themselves and their local, national, and global communities. We work to model the belief that concern for the well-being of others and the environment is a civic obligation.

We acknowledge a collective responsibility for the education of our children. We expect that educators will collaborate with each other to set high expectations for teaching and learning and include students and families in conversations about how to best meet the needs of our children.
