

Lincoln Public Schools 2023 MCAS Report

Presented to School Committee November 16, 2023

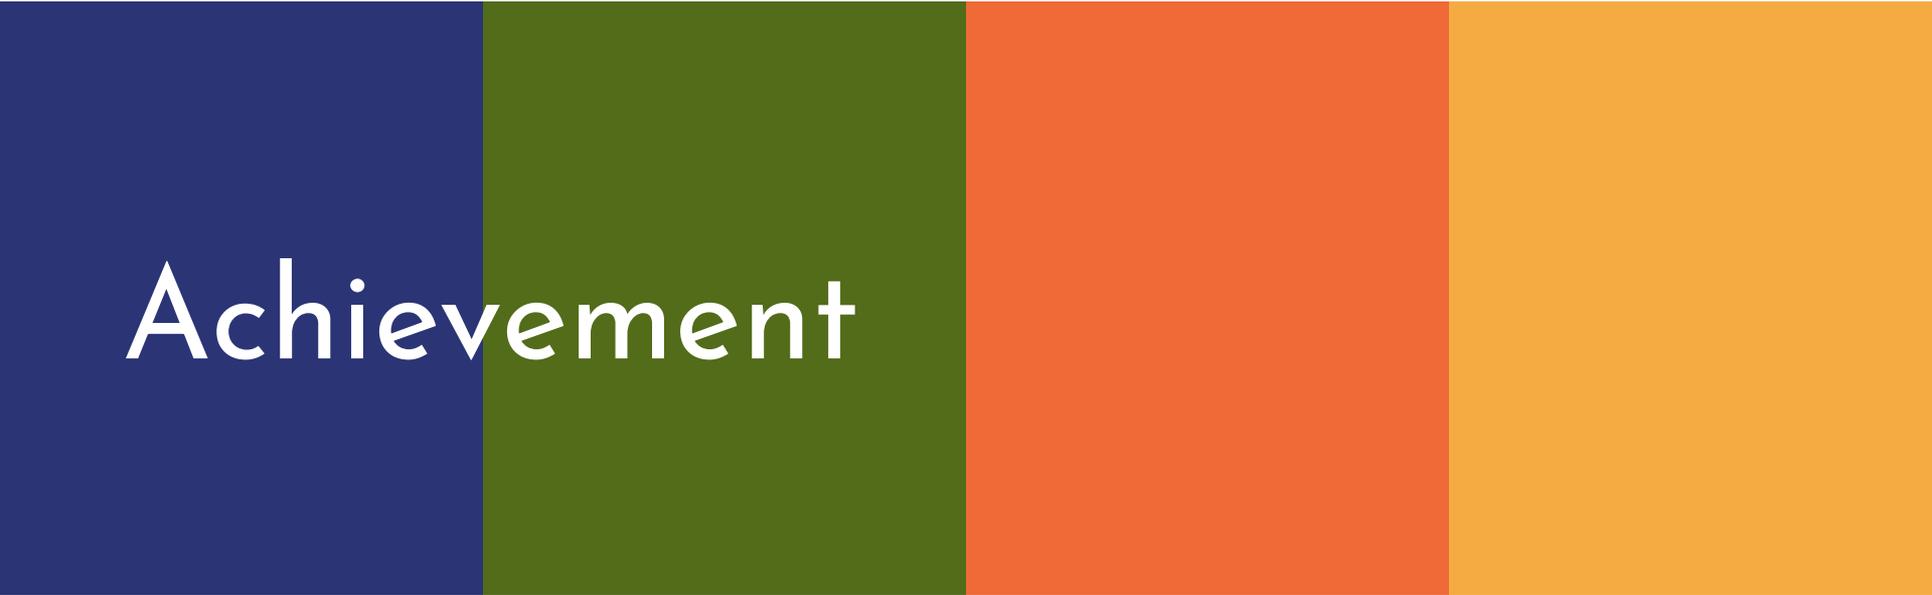

Takeaways and Questions to Consider

Three Takeaways...

- Lincoln Public School (LPS) students are showing steady **growth** overall.
 - LPS students continue to **exceed** the achievement and expectation averages of the Commonwealth of **Massachusetts**.
 - There is an **opportunity** for subgroup performance improvement and growth in the short-term and long-term.
- 

Questions to Consider...

- Does there need to be a more direct focus on **systems** and **structures** in the schools and the district?
 - What systems, structures, supports, and **interventions** are needed?
 - What are we doing for **extension** and **enrichment**?
 - How are we **recognizing** and **supporting** the different and **unique** challenges of subgroups?
-

Going Forward and Final Thoughts...

- Supporting **Principals** as **Instructional** Leaders
- Student Support/Child Study **Systems**
- **Scheduling** (!)
- **Differentiated** Instruction and **General Education** Accommodations
- The Three I's: **I**ntervention <-> **I**nstruction <-> **I**nnovation (Extension/Enrichment)
- (!) = Students on **IEP**, **E**nglish **L**earners, and General Education
- **Intervention**
- **After-school** support and resources
- Be **Ready**...and It Needs To Make Sense.
