

| Vision | | | |
|---|--|--|--|
| The Lincoln Public Schools seek to unite our communities in challenging and equipping our students to acquire essential skills and knowledge, think creatively and independently, exhibit academic excellence, appreciate and respect diversity, demonstrate creativity, value reflection, work hard and play fair. | | | |
| Theory of Action | | | |
| IF we create a culture of continual learning and growth built on a shared vision of effective teaching, curriculum that is innovative and cognitively demanding, and instruction that is student centered and differentiated to meet the needs of all students, THEN we will strengthen the engagement, achievement, and development of all students. | | | |
| Strategic Objectives | | | |
| Educator Growth: Educators demonstrate continual growth and professional collaboration built on a shared vision of effective teaching | Curriculum: Curriculum is engaging, provides appropriate cognitive demand, and supports the academic, creative, social, and emotional development of all students | Instruction: Instruction is student centered and focused on the engagement, achievement, and development of all learners | Assessment and Data: Assessments and data are used in purposeful, meaningful ways to effectively promote and monitor growth |
| Strategic Priorities | | | |
| A1. Develop expertise in team-based collaborative practices | B1. Support and guide educator development of instructional units that engage students and provide appropriate levels of cognitive demand and differentiation | C1. Develop instructional practices and models for differentiating instruction to meet the individual needs of all students. | D1. Determine the primary data collection and analysis needs of the district and select and implement a data management system and other tools that allow faculty and administrators to utilize data to inform instruction and programmatic decisions, and assess the effectiveness of our practices |
| A2. Develop instructional coaching capacity, for teachers and administrators, across the district | B2. Continue refining curriculum to align with state and district standards in science, ELA, math, and digital literacy and computer science | C2. Provide educators and administrators with professional development that focuses on content area knowledge and teaching strategies that address the 5 Key Questions for Learning* | D2. Support educator use of data to monitor student growth and inform instruction |

* All of our work in curriculum, instruction, and professional development supports the use of the 5 Key Questions for Learning:

- What evidence demonstrates that students know the **objective and/or learning target**?
- In what ways does the lesson **engage students in authentic learning**?
- What evidence is there of meaningful exchanges between teacher and individual students and between students?
- In what ways does the teacher **assess student understanding** related to the objective and/or learning target?
- Did the teacher **differentiate the instruction and learning experiences** to meet the range of learners in the class?
