

School Building Committee Outreach Committee

Hartwell Multipurpose Room

March 28, 2019

Present: Kim Bodnar and Gina Halsted

Absent: Jennifer Glass

Also in attendance: Andy Payne

The meeting commenced at 11:11 am

Upcoming meetings: Kim Bodnar quickly reviewed the schedule of upcoming Outreach meetings, which are scheduled for April 11 & April 25. Gina Halsted reminded the committee that she will not be attending the April 11 meeting.

March 31 Blog: Ms. Halsted suggested sharing some of the latest images that Ewing Cole showed at the prior evening's SBC meeting. The Committee agreed to share the images of the Dining Commons and the Learning Commons interiors. The latest site plan for the modular classrooms will also be included in the blog.

Ms. Bodnar suggested an update on the schedule. This prompted a discussion about number of factors that hinge on the installation of the modular classrooms. Once the modular are selected and the schedule of their installation is resolved, an updated schedule can be created. Andy Payne volunteered to draft the portion of the blog about scheduling & timing.

Mr. Payne wondered if it would be valuable to describe the many features and design options that the committee has chosen not to include. Mr. Payne saw value in providing a glimpse into the SBC meetings that include tough decisions about what to include and what to exclude. An example he suggested was the decision not to install solar walls on the Brooks Gymnasium. Ms. Bodnar & Ms. Halsted observed that a blog about value engineering decisions is likely toward the end of the month. That blog will highlight features and options that have been removed from the design to stay within budget.

Ms. Bodnar suggested that a list of upcoming sub-committee meetings be included in this week's blog.

April 7th blog: The April 7th blog can highlight the agenda of the April 10 SBC meeting. Receiving preliminary cost estimates could be one of the major topics.

The meeting adjourned at 11:45 am.

Minutes respectfully submitted by Gina Halsted
