Blog Post:

- Ms. Bodnar suggested that we publish a post on August 16th that includes:
 - Duct bank photos — the bank buries the wires into the school
 - A link to the aerial photos and the drone video, if available.
 - An announcement that the SBC learned at its meeting that an anonymous donor will fund the courtyard outside the Learning Commons. The gift includes the concrete and the 3 benches made from reclaimed oak trees and granite boulders from the Lincoln granite lot.
- Post for September 13th could be an opportunity to talk about the history of the bell.
 - Andy Payne offered to contact Skinner to see if they could help us find out more about the history of the bell-maker.
 - Ms. Bodnar will reach out to town residents to try to confirm what we know and learn more about the history of how the bell came to be part of the 1994 school project.
- Ms. Glass will continue to add photos to the galleries on the website.
- Ms. Bodnar wondered if we might get some interior photos/videos of the modular classrooms. She offered to contact Superintendent McFall to see if this is possible.
