SUBCOMMITTEES AND LIAISONS OF THE SCHOOL COMMITTEE

In addition to preparing for and attending the regular meetings of the School Committee, the members may take on additional responsibilities, including delegated tasks such as contract negotiations, membership in School Committee subcommittees, liaison roles on other committees, or participation in committees convened by members of the District administrative team.

It is the job of the Chair to identify these responsibilities at the beginning of the school year. The Committee will discuss the division of responsibilities in an open meeting. As additional responsibilities arise in the course of the year, the Committee will continue to discuss the assignment of responsibilities in open meetings.

At any time, the School Committee may create a subcommittee. The Committee will describe the tasks, the timeline, the resources available, the parameters for reporting back to the full Committee, and the composition of the subcommittee, whose members may include one or more members of the Committee, staff members, and town residents. Subcommittees should refer to Policy Book, BDF-R for more definitive "Procedures for Establishing Citizen Committees."

Subcommittees shall not possess any decision-making powers unless such power is granted in advance by unanimous vote of the full Committee (i.e. negotiations). All subcommittees are subject to the provisions of the Open Meeting Law. This means that the subcommittees should hold all meetings in open session, posted as required, and recorded in minutes.

When it has completed its task, the subcommittee will report back to the School Committee in the agreed upon manner (written report, presentation offering information or a recommendation, etc.). The School Committee will take appropriate action based on the input of the subcommittee. It shall not be considered a conflict of interest for any School Committee member who has been on a subcommittee to participate

subsequently in Committee discussions about whether to accept the subcommittee and about any actions to be taken consequent to its findings. The subcommittee stands until the area of its concern is resolved or its members are reappointed.
