**SECURITY/SURVEILLANCE CAMERAS
IN/ON SCHOOL BUILDINGS AND ON SCHOOL BUSES**

Camera Placement

- Camera installations may only be located in public areas such as hallways, athletic areas, large public gathering spaces, parking lots and public walkways, and buses. The purpose of these installations is to monitor public areas where the potential for criminal activity or violations of the Code of Conduct is greatest (false fire alarm pulls, graffiti, vandalism, behavioral issues, and in some cases, personal belonging theft, etc.).
- Cameras shall not be placed in areas where there may be a reasonable expectation of privacy by staff and students (e.g., rest rooms, locker rooms, private offices, department offices, conference rooms, staff lounges).
- Exception would be that as part of an investigation, a camera may be placed in any location to investigate suspected or alleged criminal activity or serious violations of the Code of Conduct.

Signage and Notification

- Signs will be posted in public entryways to the buildings and at other conspicuous locations informing persons that the building and grounds may be under video surveillance. The posted signs will read, "Surveillance Cameras in Use."
- The District shall notify students, staff, and the general public that video surveillance will occur on school property through use of the signage and other appropriate notifications, including a notice in the student handbook.

Review of the recordings will occur only in support of an active investigation.
- The intent is not to use the surveillance system to recover missing items such as cell phones, clothing, and other personal items.
- Viewing the data is to be performed only by authorized personnel that have been expressly designated by the Superintendent of Schools or his/her designee.
- A request form for viewing will be completed by the requesting party. It will include, but may not be limited to, the following details: the person(s) requesting viewing the data, reason for the request, and the date, time and location(s) to be reviewed. All requests will be authorized by the building Principal and the Superintendent of Schools. If a request is made for the export of video information, such request will be made in writing.
