DRAFT
PROFESSIONAL STAFF POSITIONS

All professional staff positions in the school system will initially be created by the School Committee. It is the Committee's intent to activate a sufficient number of positions to accomplish the school system's goals and objectives and to provide for the equitable staffing of each school building. Although such positions may remain temporarily unfilled, only the Committee may abolish a position it has created.

Each time a new position is established by the Committee, the Superintendent will present for the Committee's approval a job description for the position, which specifies the jobholder's qualifications and the job's performance responsibilities. The Superintendent will maintain a comprehensive set of job descriptions for all positions.

NOTE: Job descriptions for professional staff positions are available for review in the office of the Superintendent.

NOTE: Subcategories may be added to code GCA for filing job descriptions of professional staff positions. However, if a school system has more than 20 job descriptions, it is recommended that they be filed in a special manual (and referred to, as was done on the sample policy above) to prevent the policy manual from becoming unwieldy.
