

October 2019

Lincoln Preschool at Hanscom

Fall Learning

Throughout the month of October, we will continue to focus on building relationships within our school community. We will begin to explore flexible groupings between the four classrooms and have a variety of opportunities to work with one another in the shared hub space.

We will also incorporate fall related concepts, including apples, leaves, and pumpkins into our learning experiences.

Learning Targets

I can share with my friends

I can wait my turn for a choice
