## PUBLIC PERFORMANCES BY STUDENTS

No student shall be required to participate in a public performance in school or out of school against the will of their parents (or their own will? what if the student wants to but the parent doesn't want them to?).

School Principals, acting as agents of the Superintendent may permit individual students or groups of students to participate in activities outside of the school building provided the school system's Field Trip Regulations are properly followed.  
(Is this required - or already covered)

See Policy IICA

analysis: could not find JJC in MASC reference manual; found few implementations in districts and none of them felt like they added necessary policy language. There could be some relation to **JJ - CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES**.  
Recommendation: remove the policy
