Re: Formative Assessment Process
Date: January 2, 2020

It is the responsibility of the Lincoln School Committee to evaluate the performance of the superintendent using the Massachusetts Model System for Educator Evaluations. This year we have elected to pilot the DRAFT Indicator Rubric for Superintendent Evaluation and offer our feedback to DESE in the spring.

The evaluation system uses a 5-step cycle: self-assessment; goal-setting and plan development; implementation; formative assessment; summative evaluation. In September, Dr. McFall drafted an Annual Plan that focused on four goals, each with defined benchmarks and measures. We approved the plan (step 2), and Dr. McFall began implementation (step 3).

In January, we will have a formative assessment (step 4) conversation with Dr. McFall. This is the opportunity for us to reinforce the positive aspects of the Superintendent's leadership and provide specific feedback about areas that we believe require additional focus. Attached are policies CBI and CBI-R which we revised last year. Using those policies, the 2020 timeline for the Formative Evaluation is as follows:

- *January 23, 2020:* Dr. McFall will provide a mid-cycle summary of her progress toward attaining the goals laid out in her Annual Plan.
- *February 6, 2020:* The Administrative Team will provide a mid-year summary of progress on the District's Strategic Priority Initiatives.
- *February 6, 2020:* In conversation with Dr. McFall, we will reflect on her progress to date as evidenced by the mid-cycle updates presented, recognize demonstrated strengths, and suggest areas for attention. Any known issues that require remediation should be brought forward now so that there is time for them to be addressed, and so that there are "no surprises" when the summative evaluation (step 5) is completed in May/June.
 - Prior to the meeting, we should review the evaluation rubric so that we can identify any additional information we would like Dr. McFall to provide during the course of the year and in preparation for the summative evaluation.
 - Written feedback is not expected during the formative evaluation unless we deem it necessary to record specific information for inclusion in Dr. McFall's file.
 - We will identify any further supports that the School Committee can provide to the superintendent.
 - Plans for contract negotiations will be conducted in executive session.

LINCOLN PUBLIC SCHOOLS

Annual Superintendent Evaluation Timeline

Month	Action	Tasks and Responsibilities
Early June	Establish District goals	The Administrative Council and School Committee collaborate to establish the District Goals.
Late June	Superintendent presents outline of Annual Plan for School Committee approval	Superintendent develops goals for the upcoming school year based on end of cycle evaluation and established District Goals.
September	Superintendent presents Annual Plan for School Committee final approval	The superintendent works in collaboration with the School Committee to develop the superintendent's Annual Plan.
Early January	Mid-cycle progress report on District Goals and the superintendent's goals presented to the School Committee*	Superintendent prepares a mid-cycle report on progress toward attaining goals set forth in the Annual Plan.
Mid-January	Mid-cycle review**	School Committee Chair leads the mid-cycle goals review meeting.
February / March	Contract negotiation	Superintendent and School Committee collaboratively develop the Superintendent's contract.
Mid - May	End-cycle progress report on District Goals and performance on the Standards presented to the School Committee	Superintendent prepares an end of cycle report on progress toward attaining goals and performance on the Standards.
End of May	End of cycle review	Superintendent actively participates in the end of cycle evaluation meeting. School Committee develops a Summative Evaluation Report and ensures that it contains accurate information and appropriately reflects the individual performance of the superintendent.

*In 2012 – 2013 mid-year goal reports will take place in February as indicated on the SC long-term agenda. Work plan timelines have been developed with this in mind.

**2012 – 2013 Mid-Cycle Review will focus on the Superintendent's entry plan

EVALUATION OF THE SUPERINTENDENT

Evaluation of the Superintendent is one of the fundamental responsibilities of the School Committee. The School Committee believes that a well-designed performance appraisal contributes to good education by ensuring effective governance and management of the schools. Through the appraisal of the Superintendent, the School Committee will strive to accomplish the following objectives:

1. Ensure that the Superintendent is working effectively to achieve the District goals;
2. Establish priorities that provide the Superintendent with specific direction;
3. Clarify the School Committee's expectations about the role of the Superintendent;
4. Clarify the Superintendent's expectations about the role of the School Committee;
5. Provide the community with a public model of the evaluation system that is used privately for the evaluation of all the professionals in the District;
6. Improve understanding of the daily responsibilities and pressures of the Superintendent's job;
7. Support effective administrative leadership in the schools;
8. Afford School Committee members an opportunity for assessment of District and School Committee performance;
9. Identify problems and possible solutions;
10. Produce a written record of the Superintendent's performance.

The evaluation of the Superintendent will be carried out in accordance with guidelines from the Department of Elementary and Secondary Education.

The timeline and procedures for evaluating the Superintendent are outlined in policy *CBI-R: Procedures for the Superintendent's Evaluation*.

PROCEDURES FOR SUPERINTENDENT'S EVALUATION

The Department of Elementary and Secondary Education provides guidelines for the annual evaluation of the Superintendent's performance. The School Committee has established the following timeline for this evaluation process in order to respect the DESE guidelines in a manner that makes sense for the district and for the management of the Superintendent's workload.

Specifically, the School Committee aims to integrate the district goals with the Superintendent's goals; and, in setting the September deadline for the completion of the Superintendent's Annual Plan, the School Committee wishes to allow the Superintendent the time to incorporate the conclusions of one year's Summative Evaluation in the establishment of the following year's goals; and, in identifying a subset of priority elements from the complete Evaluation Rubric, the School Committee will further identify and emphasize its priorities for the school year, and it will reduce the amount of work necessary to document the Superintendent's performance.

Accordingly, the timeline that the School Committee will follow every year to evaluate the Superintendent's performance is as follows:

Late May/

Early June: The Administrative Council and School Committee collaborate to establish the District Goals.

Late June: 1) The Superintendent develops personal goals for the upcoming school year based on Summative Evaluation and established District Goals.
2) The outline of the Annual Plan is presented to the School Committee for feedback.

Early

September: The School Committee and Superintendent collaborate to identify ten (10) Priority Elements from the DESE Superintendent Evaluation Rubric, and to determine relevant measures of achievement of the Superintendent's goals and of performance on the identified priorities.

Mid

September The Superintendent presents a complete Annual Plan, which includes the Superintendent's professional goals and the School Committee's evaluative priorities, to the School Committee for final approval.

Early

January: The School Committee reviews the Annual Plan and the DESE evaluation rubric and asks the Superintendent for information that clarifies work on goals, standards and elements beyond the information provided by regular reports or observable information.

- Mid January: Mid-Cycle/Formative Review
- 1) The Superintendent prepares a mid-cycle summary of progress toward attaining goals set forth in the Annual Plan.
 - 2) The School Committee Chair leads the mid-cycle review meeting.
 - 3) The School Committee votes on whether or not it is appropriate to consider an increase in compensation as part of contract negotiations with the Superintendent.
- February/March: According to the outcome of the vote, the School Committee begins discussions with the Superintendent regarding her/his annual compensation, and details of her/his agreement, if applicable. It is the intention of the Committee that the evaluation and the compensation agreement be completed by the Annual Town Meeting.
- Mid-May: The Superintendent prepares an end-of-cycle summary of progress toward attaining goals and performance on the Standards.
- End-May: Summative Evaluation: The School Committee Chair asks each member to complete relevant end-of-cycle forms. Based on member input, the Chair develops a Summative Evaluation Report and ensures that it contains accurate information and appropriately reflects the individual performance of the Superintendent.
The Superintendent may actively participate in the end-of-cycle evaluation at a regularly scheduled School Committee meeting.

Superintendent's Annual Plan for Evaluation

The goals identified for the Superintendent's Annual Plan 2019 - 2020 for evaluation are aligned with the recommendations set forth in the Massachusetts Model System for Educator Evaluation, Part VI: Implementation Guide for Superintendent Evaluation. The identified goals are also aligned with the District Strategic Plan.

Goal 1:

Create a common understanding of the district vision of high-quality instructional practices through consistent professional development for all faculty and administrators.

Indicator I-B: Instruction

Strategic Priority: A2. Create a common understanding of our vision of high-quality instructional practices and implement these practices across all classrooms.

Key Actions:

In collaboration with the Central Office Administrators, Principals, and Preschool Coordinator, develop and facilitate a series of professional development modules that will be co-delivered to all faculty and administrators throughout the 2019 – 2020 school year.

The professional development modules will be based on the first four chapters of Leaders of Their Own Learning, by Ron Berger of Expeditionary Learning. In addition, we will be integrating components related to adult learning and race and equity into all of this work.

Learning Walks will continue to be an important component of our development of a shared understanding of what constitutes high quality instruction. A clear understanding of high quality, effective, engaging instruction is the foundation required to appropriately guide and support collaborative teams and meet all of our strategic priorities related to meeting student needs.
(Details of this goal will be outlined in our Strategic Priority Maps presented in the fall.)

Outcomes:

- A common understanding of what constitutes high-quality instruction is established across the district.
- Specific instructional strategies are introduced and faculty are supported in their introductory implementation of these strategies.
- Administrators are co-leaders of this work and further support and develop faculty growth at the building level.

Measures:

Data for determining progress will be gathered during Learning Walks and observation with principals, principal reports of building level progress, and potential student feedback via annual student surveys.

Evidence of strategies and approaches being used in all classrooms at the beginning level of implementation, as outlined at the end of the following chapters in Leaders of Their Own Learning, Transforming Schools through Student-engaged Assessment, will be collected.

Beginning Implementation Expectations

Learning Targets

- Teachers write learning targets for daily lessons.
- Learning targets are visibly posted in the classroom and introduced to students at the best point during the lesson-teachers unpack the learning target, identify key vocabulary and criteria for success.
- Teachers plan their instruction to ensure that all students can meet the learning targets.
- Students are able to articulate what they are learning.
- Families have more information about what concepts and skills their children are learning.

Checking for Understanding during Daily Lessons

- Teachers put time and energy into establishing a classroom culture of trust and respect and one in which students believe they can improve with effort.
- When planning lessons, teachers simultaneously preplan the questions they will ask students to assess their understanding throughout the lesson.
- Teachers structure lessons to ensure that students have time to apply concepts and skills so that both students and teachers can accurately monitor understanding.
- Teachers implement a manageable set of techniques to monitor understanding at the beginning, middle, and end of lessons.

Using Data with Students

- School leaders and teachers collect and analyze student achievement data as well as data on progress toward state and Common Core standards, habits of work, and student engagement. Often a robust faculty practice of data collections and analysis leads to bringing data practices into the classroom to use with students.
- Teachers set up a data-safe classroom culture in which students have a growth mindset. They strive to personally improve, but don't compete against each other.
- Students learn the language of data.
- Teachers build student confidence using data, giving them early wins with the skills or behaviors that they can measure and improve. Often this is a collective effort.
- Teachers establish a system for collecting student work (e.g., in work folders).

Models, Critique, and Descriptive Feedback

- Students learn the basic guidelines of critique and descriptive feedback: *be kind, be specific, and be helpful*. Teachers and school leaders begin to internalize these norms in professional settings as well.
- Through the use of models, students expand their preconceived notions of what quality work can look like at their grade level.
- Students learn to identify the key steps involved in producing high-quality work. This gives them greater ownership of the path to producing their own high-quality work.
- Teachers develop a repertoire of protocols to structure critique lessons.
- Teachers use learning targets to guide their critique lessons and descriptive feedback.
- As students see how the practices help them meet their learning goals, they begin to exhibit confidence in participating in critique and using feedback.

Goal 2:

Continue the development of our District Profile of a Learner

Indicator IV-E: Shared Vision**Key Actions:**

In collaboration with the Assistant Superintendent...

- carry out the Profile of a Learner session with our faculty who did not participate during the 2018 – 2019 school year to introduce the concept and gather their input. This will be done on one Wednesday afternoon in the fall.
- carry out the Profile of a Learner session with students and offer at least one additional session for community members.
- synthesize the input gathered and develop draft options of the Profile of a Learner for further review and input.
- develop a committee of individuals representing a breadth of stakeholder groups who will review the Profile of a Learner as it is developed and act in an advisory role to the Superintendent and Assistant Superintendent as they finalize the District Profile of a Learner.

Outcomes:

- All faculty have participated in the Profile of a Learner professional development workshop and provided input to inform the development of the Lincoln Public Schools Profile of a Learner.
- Community members have been provided with the opportunity to participate in the abridged Profile of a Learner professional development workshop and provided input to inform the development of the Lincoln Public Schools Profile of a Learner.
- The Superintendent and Assistant Superintendent have enlisted support from local colleagues and organizations specializing in the development of Profiles of a Learner to further their understanding and expertise related to profile development and utilization, as well as further developing their leadership and facilitation skills related to this work.

Measures:

- Development of the Lincoln Public Schools Profile of a Learner by May 2020.
- Create initial plans for utilization of the Profile of a Learner to guide and impact the work carried out across the district and prioritized in the District Strategic Plan for the coming years.

Goal 3:

Continue work within the district and with SMMA, Consigli, Daedalus, and the School Building Committee and community members to move the Lincoln School building project forward into the construction phase.

Indicators II-A: Environment and III-C: Communication**Key Actions:**

- Working closely with the administrative team and SMMA, finalize the design plans for the Lincoln School renovation/construction project.
- Represent the school district in School Building Committee meetings and at community events regarding the educational needs of our students and the district.
- Communicate that progress of the Lincoln School building project to the Lincoln School community and keep the school community informed of steps to be taken related to construction of the temporary school building and preparing for the moves that will take place in June 2020.

Outcomes:

- Construction Design of the Lincoln School is completed within the allocated budget.
- The community is engaged and informed about the project and has clear understanding of the steps being taken and the schedule and process for construction over this school year and into the 2020 – 2021 school year.

Measures:

- The Lincoln School Project remains on schedule and on budget.

Goal 4:

Negotiate successor Lincoln Teacher Association and Department of Defense contracts.

II-D: Laws, Ethics, and Policies, II-E: Fiscal Systems**Key Actions:**

- Plan for and carry out the negotiation of a successor collective bargaining contract with the Lincoln Teacher's Association in collaboration with the School Committee.
- Begin collective bargaining process with Lincoln Public Schools Support Professionals
- Negotiate a new contract with the Department of Defense Education Activity (DoDEA) to continue operating the schools at Hanscom Air Force Base.

Outcomes:

- Create process timelines for each contract.
- Work with the Administrator for Business and Finance to determine the financial needs and capacity of the district.
- Work with the Administrative Team and School Committee to develop the interests of the district.
- Research and develop proposals with supporting information demonstrating the need and/or capacity of the district.
- Manage negotiation process and contract language revisions throughout collective bargaining process.
- Work with DoDEA contracting personnel to respond to their request for proposals to operate the schools at Hanscom Air Force Base.

Measures:

- Collective bargaining / negotiations are carried out in good faith.
- A contract to operate the Hanscom Schools is in place by May 2020, if possible.

Other Important, High-Profile Work to be Accomplished in the 2019 – 2020 School Year:

- Implement new schedules in all schools to create equity and consistency for students and staff and ensure that all students receive equal access to curriculum and programs. **II-C: Scheduling and Management Information Systems**
- Open the new Hanscom Primary School (HPS) and support the new HPS principal. **II-A: Environment, I-D: Evaluation**
- Support the two Hanscom Principals and the Preschool Coordinator as they develop a PreK – 8 school for the first time. **I-D: Evaluation**
- Support a new METCO Director and support the METCO team consisting of Director, Academic Advisor, Student Services Coordinator and Principals as we re-establish the vision for METCO in the Lincoln School and community. **I-D: Evaluation, IV-E: Shared Vision**

DRAFT Indicator Rubric for Superintendent Evaluation

The **Indicator Rubric for Superintendent Evaluation** is an evaluation tool intended to support a shared understanding of effective leadership practice between a superintendent and school committee members.

Designed around the 21 Indicators from the Standards of Effective Administrative Leadership (603 CMR 35.04), the Indicator Rubric includes descriptions of a superintendent's practice for each *Indicator* and articulates the specific responsibilities that a school committee may be expected to reasonably evaluate. This is a significant departure from the more detailed, *element-level* rubrics associated with other educator roles in the model system for educator evaluation.

While this structural difference results in a shorter, less complex evaluation tool, it does *not* simplify the responsibilities of a superintendent. All 21 Indicators associated with the four Standards of Effective Administrative Leadership remain in place, and the superintendent is still expected to meet expectations associated with each Standard, typically assessed by focusing on one to two Indicators per Standard each year. Describing practice at the Indicator level rather than at the element level acknowledges the following unique components of an educator evaluation process conducted by a school committee:

- **The Role of the School Committee:** The school committee's role is governance, rather than management. A school committee thereby focuses on the *what* and the *why* (governance) of superintendent leadership, rather than the *how* (management). The Indicator Rubric does the same.
- **The Composition of a School Committee:** The school committee as "evaluator" is comprised of multiple individuals, rather than a single evaluator. This demands consensus building, a process made exponentially easier when focused around fewer descriptors of practice.
- **The Focus of a School Committee:** School committee members, many of whom are often non-educators, focus primarily on the outcome of a superintendent's work, rather than the details of implementation. The Indicator Rubric guides committee members to maintain this focus.
- **A Public Process.** The superintendent's evaluation is the *only* educator evaluation conducted in public. The Indicator Rubric includes the practices to which a committee can reasonably be expected to have access or insight, such that the public process of collecting and evaluating evidence may be conducted with transparency and integrity.

The **2019-2020 Rubric Pilot**. DESE is supporting a **year-long pilot of the draft Indicator Rubric** to evaluate its use and impact on the superintendent evaluation process. The objectives of the pilot include:

- ✓ Assess the implementation of the rubric by superintendents and school committees. *Is it accessible and relevant to all involved?*
- ✓ Assess the impact of the rubric. *Does it promote a comprehensive evaluation of superintendent practice? Does it support consistency and transparency in aspects of the evaluation process, including analyzing evidence, providing feedback, and using professional judgment to determine ratings?*

DESE will collect input from pilot districts through a qualitative survey and interview process. For more information on participating as a pilot district, please contact Claire Abbott at cabbott@doe.mass.edu.

STANDARD I: Instructional Leadership

The education leader promotes the learning and growth of all students and the success of all staff by cultivating a shared vision that makes powerful teaching and learning the central focus of schooling.

	Unsatisfactory	Needs Improvement	Proficient	Exemplary
I-A: Curriculum	Does not ensure the implementation of standards-based units of instruction across the district (e.g. fails to provide adequate resources or training).	Ensures that most instructional staff implement standards-based units of instruction consisting of well-structured lessons, but curricula in some schools or content areas lack appropriate rigor or alignment to state standards.	Monitors and assesses progress across all schools and content areas to ensure that all instructional staff implement effective and rigorous standards-based units of instruction consisting of well-structured lessons with measurable outcomes.	Empowers administrators to ensure all instructional staff collaboratively plan, adapt as needed, and implement standards-based units comprised of well-structured lessons aligned to state standards and local curricula. Continually monitors and assesses progress, and provides additional supports as needed. Models this practice for others.
I-B: Instruction	Does not ensure that instructional practices across schools and content areas reflect high expectations for teaching and learning, are engaging and motivating, or meet the diverse learning of all students; or establishes inappropriately low expectations for teaching and learning.	Supports instructional practices in some schools or content areas that reflect high expectations, engage all students, and are personalized to accommodate diverse learning styles, needs, interests, and levels of readiness; but allows lower expectations and/or insufficiently engaging instruction to persist in parts of the district.	Monitors and supports principals and instructional staff through observations and feedback to ensure that instructional practices in all settings reflect high expectations regarding content and quality of effort and work, engage all students, and are personalized to accommodate diverse learning styles, needs, interests, and levels of readiness.	Sets high expectations for the content and quality of instruction and empowers all administrators to do the same, such that instructional practices throughout the district are engaging, inclusive, and personalized to accommodate diverse learning needs of all students. Stays informed of new, evidenced-based instructional practices and provides resources and supports to implement them as needed. Monitors principals and instructional staff in support of these practices through observations and feedback.

	Gathers limited information on district strengths and weaknesses and writes district and annual action plans that lack data-informed goals. I-E: Data-Informed Decision Making	Identifies multiple sources of evidence related to student learning to assess the district's strengths and areas for improvement, but these data are not comprehensive and/or analysis is insufficient, such that district and annual action plans lack focused or measurable goals.	<p>Uses multiple sources of evidence related to student learning, including state, district, and school assessment results and growth data, to inform district goals and improve organizational performance, educator effectiveness, and student learning.</p> <p>Regularly monitors and shares progress with the community.</p> <p>Supports principals to align school improvement goals to district plans and goals.</p>	<p>Leads administrator teams in identifying and using multiple sources of evidence including state, district, and school assessment results and growth data, educator evaluation data, district culture and climate information, to assess and communicate the district's strengths and areas for improvement. Regularly monitors and shares progress with the community.</p>
	<p>Demonstrates expected impact on student learning based on multiple measures of student learning, growth, and achievement, including student progress on common assessments and statewide student growth measures where available.</p> <p>I-F: Student Learning</p>			

There are no associated performance descriptors for the Student Learning Indicator. For administrators, evidence of impact on student learning based on multiple measures of student learning, growth, and achievement must be taken into account by the evaluator(s) when determining a performance rating for Standard I. Evaluators and educators should identify the most appropriate assessments of student learning and anticipated student learning gains associated with those measures when developing the Educator Plan. For superintendents and other district leaders, multiple measures of student learning might include (but should not be limited to) statewide assessments, assessments from curricular materials used in multiple schools, district-created common assessments, or others measures that provide information about student learning across the district.

STANDARD II: Management and Operations

Promotes the learning and growth of all students and the success of all staff by ensuring a safe, efficient, and effective learning environment, using resources to implement appropriate curriculum, staffing, and scheduling.

	Unsatisfactory	Needs Improvement	Proficient	Exemplary

	Demonstrates lack of awareness or consistent non-compliance with some or all state and federal laws and mandates, school committee policies, or collective bargaining agreements, and/or fails to adhere to ethical guidelines.	Develops a budget that does not align with the district's goals or mismanages available resources. Does not communicate budget rationale or financial short falls to staff, community members, municipal stakeholders, or the school committee.	May know state and federal laws and mandates, school committee policies, and collective bargaining agreements, but inconsistently complies with some laws or policies, and/or ethical guidelines.	Understands and complies with state and federal laws and mandates, school committee policies, collective bargaining agreements, and ethical guidelines, and provides the resources and support to ensure district-wide compliance.	Provides the resources and support for all school personnel to understand and comply with state and federal laws and mandates, school committee policies, collective bargaining agreements, and ethical guidelines. Models this practice for others.

STANDARD III: Family and Community Engagement

Promotes the learning and growth of all students and the success of all staff through effective partnerships with families, community organizations, and other stakeholders that support the mission of the school and district.

	Unsatisfactory	Needs Improvement	Proficient	Exemplary
	<p>Does little to welcome families as members of the district, classroom or school community, or tolerates an environment that is unwelcoming to some families.</p> <p>III-A. Engagement</p>	<p>Invites families to participate in the classroom and school community, but efforts are limited or insufficient, leading to limited family involvement throughout the district.</p>	<p>Promotes, monitors and supports comprehensive, culturally responsive and collaborative engagement practices that welcome and encourage every family to actively participate in the classroom and school community, and engages community stakeholders to contribute to the classroom, school, and community's effectiveness.</p>	<p>Ensures that all personnel to use culturally responsive and collaborative practices that engage all families to contribute to district, classroom, school, and community effectiveness, including but not limited to families with limited access to technology, and families whose home language is not English. Actively engages stakeholders from all segments of the community, including residents, municipal officials, and business leaders, in furthering the mission of the school and the district. Models this practice for others.</p>
	<p>Does not ensure that administrators are identifying student learning and development needs and working with families to address them.</p> <p>III-B. III-C. Communication	Does not set clear expectations for or provide support to administrators regarding regular or culturally sensitive communication with families, and/or allows culturally insensitive, inappropriate, or disrespectful communications with families to occur. District communication regarding student learning and performance occurs primarily through school report cards.	May set expectations regarding regular, two-way, culturally proficient communications with families, but allows occasional communications that are culturally insensitive to some families' home language, culture, and values. District communication primarily occurs through school newsletters and other one-way media.	Engages in regular, two-way, culturally proficient communication with families and community stakeholders about student learning and performance, that is provided in multiple formats and reflects understanding of and respect for different families' home languages, culture, and values.	Supports and empowers all administrators to engage in regular, two-way, culturally responsive communications with families about student learning and performance. District-wide communications with families are provided in multiple formats and respect and affirm different families' home languages, culture, and values.
III-D. Family Concerns	Does not address most family concerns in a timely or effective manner, fails to provide systems or supports for administrators to do the same, and/or allows responses to be inconsistent or insufficient. Resolutions are often not in the best interest of students.	Ensures that most family concerns are addressed as they arise, but responsiveness is inconsistent across the district. Supports administrators to reach solutions to family concerns, but may not ensure equitable resolutions that are in the best interest of students.	Addresses family concerns in an equitable, effective, and efficient manner, and supports administrators to seek equitable resolutions to both academic and non-academic concerns that (a) reflect relevant information from all parties including families, faculty, and staff, and (b) are in the best interest of students.	Ensures that all family concerns are addressed in a timely and effective manner throughout the district; empowers administrators to proactively respond as academic or non-academic concerns arise; and promotes collaborative problem solving processes informed by relevant input from all families, faculty, and staff that result in equitable solutions that are in the best interest of students. Models this practice for others.

STANDARD IV: Professional Culture

Promotes success for all students by nurturing and sustaining a school culture of reflective practice, high expectations, and continuous learning for staff.

IV-A. Commitment to High Standards	<p>Does not encourage high standards of teaching and learning or high expectations for achievement among administrators, as evidenced by:</p> <ol style="list-style-type: none"> 1. a failure to develop or articulate the district's mission or core values; and 2. an inability or unwillingness to lead administrator leadership meetings that inform school and district matters. 	<p>May articulate high standards for teaching and learning, but expectations are inconsistently applied throughout the district, as evidenced by:</p> <ol style="list-style-type: none"> 1. Mission and core values are present but may not reflect district-wide buy-in, or are rarely used to inform decision-making. 2. Meetings: Leads administrator leadership meetings that address matters of consequence but may not result in meaningful decision-making. 	<p>Fosters a shared commitment to high standards of teaching and learning with high expectations for all, including:</p> <ol style="list-style-type: none"> 1. Mission and core values: Develops, promotes, and secures staff commitment to core values that guide the development of a succinct, results-oriented mission statement and ongoing decision-making. 2. Meetings: Plans and leads well-run and engaging meetings that have clear purpose, focus on matters of consequence, and engage participants in a thoughtful and productive series of conversations and deliberations about important school matters. 	<p>Established a district-wide commitment to high standards of teaching and learning with high expectations for achievement for all, including:</p> <ol style="list-style-type: none"> 1. Mission and core values: Collaborates with educators and community members to develop, secure and/or promote core values and an aligned mission, and to use them to guide decision making. 2. Meetings: Empowers administrators to share responsibility for leading team meetings that address important district matters, and foster collaborative learning and problem-solving around instructional leadership issues. <p>Models this practice for others.</p>

IV-B. Cultural Proficiency	Develops and implements culturally insensitive or inappropriate policies and practices, does not support administrators and staff in building cultural proficiency, and/or fosters a culture that minimizes the importance of individual differences.	Takes pride in having a diverse administration, faculty and/or student body, but some policies and practices are not culturally responsive; and/or provides limited resources for administrators to support the development of culturally responsive learning environments and school culture that affirms individual differences.	Ensures that policies and practices enable staff members and students to interact effectively in a culturally diverse environment in which students' backgrounds, identities, strengths, and challenges are respected, as evidenced by the sufficient provision of guidance, supports, and resources to all schools to promote culturally responsive learning environments and school cultures that affirm individual differences of both students and staff.	Leads stakeholders to develop and implement culturally responsive policies and practices that acknowledge the diverse backgrounds, identities, strengths, and challenges of administrators, students and staff. Empowers administrators with time, resources, and supports to build culturally responsive learning environments and collaborates with community members to create a culture that affirms individual differences. Models this practice for others.
IV-C. Communications	Demonstrates ineffectual interpersonal, written, or verbal communication skills at times, such that staff, families and community members, and/or the school committee may be inconsistent or unclear.	Demonstrates adequate interpersonal, written, and verbal communication skills, but outreach to staff, families and community members, and/or the school committee may be inconsistent or unclear.	Demonstrates strong interpersonal, written, and verbal communication skills, as evidenced by regular and informative outreach to staff, families and community members, and the school committee in a manner that advances the work of the district. Regularly seeks and considers feedback in decision-making.	Utilizes and models strong context- and audience-specific interpersonal, written, and verbal communication skills. Actively seeks and incorporates feedback into decision-making and in communicating rationale for the decisions to staff, family, community members and school committee.

IV-F. Managing Conflict	Does not respond to disagreement or dissent and/or does not address conflict in a solutions-oriented or respectful manner. Does not attempt or fails to build consensus within the district and school communities.	Responds respectfully to most cases of disagreement and dissent, but employs only a limited range of strategies to resolve conflict and build consensus within the district and school communities, with varying degrees of success.	Employs strategies for responding to disagreement and dissent, constructively resolving conflict, and building consensus throughout district and school communities, while maintaining a commitment to decisions that are in the best interest of all students. Empowers and supports administrators to use these approaches in their own leadership.	Models a variety of strategies for responding respectfully and effectively to disagreement and dissent, and resolves conflicts in a constructive manner such that all parties are able to move forward productively. Regularly strives to achieve consensus within the district and school communities, while maintaining a commitment to decisions that are in the best interest of all students. Empowers and supports administrators to use these approaches in their own leadership.
