

DRAFT: COVID-19 Temporary Policy

FACE COVERINGS

The Lincoln School District is committed to providing a safe environment as schools reopen during the COVID-19 pandemic. According to public health experts, one of the best ways to stop the spread of coronavirus and to keep members of our school community safe is the use of face masks or face coverings. Therefore, in accordance with guidance from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH), the following requirements are in place until further notice.

A face covering that covers the nose and mouth must be worn by all individuals in school buildings, on school grounds and on school transportation. Masks must fully cover the nose and mouth, fit snugly but comfortably against the face, and secure under the chin with ties or ear loops. Based on guidance from health authorities neck gaiters, open-chin, triangle bandanas, and face coverings containing valves, mesh material, or holes of any kind will not be considered appropriate. Masks must have at least 2 layers of breathable material.

In addition, masks or face coverings will not be required for anyone who has a medical, behavioral or other challenge making it unsafe to wear a face mask or face covering. A written note from a physician is required for a requested exemption and must be approved by the building principal in consultation with the school nurse or local Board of Health. Face shields or physical barriers may provide an alternative in some instances. Parents may not excuse their child from the face mask requirement by signing a waiver.

Additionally, face masks or face coverings will not be required when appropriate social distancing is enforced:

- during mask breaks;
- while eating or drinking;
- during physical education classes;
- while outside;
- *and when faculty and staff are in designated areas for providing a break or when live streaming from their office.*

Although not required by DESE, the district is strongly encouraging students in preschool through grade 1 to wear masks. Direct teaching and ongoing support will be provided to students. The expectation is that children in the younger grades wear masks to the extent possible in combination with other mitigating measures (frequent hand washing and physical distancing).

A student's mask or face covering is to be provided by the student's family. Staff members are responsible for providing their own face coverings. However, the district will supply disposable face coverings for individuals who arrive at a building, or board school transportation, without one.

If students are in violation of this policy, the building principal will consult with the parent/guardians to determine whether an exception is appropriate, or the student may be removed from the school building for in-person learning until such time as they can comply with the requirement or the requirement is lifted.

Violations of this policy by staff will be handled in the same manner as other violations of School Committee policy.

Visitors in violation of this policy will be denied entry to the school/district facility.

This policy will remain in place until rescinded by the School Committee.
